WTN Pay Rewards Program

With the WTN Pay Rewards Program, you can control your earnings, with the real possibility to accumulate a residual and growing amount of cashback. The WTN Pay Rewards Program is the unique of its kind in the industry, since it is much more efficient than other programs on the market, that provide cashback related exclusively to personal expenses or, if it is the result of sharing, with fixed and punctual returns.

¡Only here at WTN Pay are your earnings recurring!

By helping your family, relatives, and friends save money on services and products they already use, you you will be handsomely rewarded.

We emphasize again that this reward will be recurring and will remain as long as they remain active affiliates.

But that is not all! By explaining and encouraging your family, relatives and friends to do the same, you will also be rewarded for the trade they make. And the more friends you teach, the bigger their relationship pool and the bigger their recurring reward. We invite you to join our “family of smart buyers” making your money worth more.

You will be rewarded for purchases from all of them!

Here at WTN Pay you are also free to join businesses where you frequently buy products or services and that are not yet in our network of participating businesses. By doing this, in addition to earning your cashback on subsequent payments using your WTN Pay digital account, you will also be rewarded for all purchases or payments made by third parties in these establishments using our application.

You will get a percentage of the billing of the establishments you accredit!
